Affidavit for Search Warrant:

I.
INTRODUCTION

I, Jason R. Burns, being duly sworn, depose and state as follows: I am a Special Agent (S/A) of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) and have been so employed in this capacity since 2005. During the course of my employment, I have received specific training and have obtained experience in investigations of Federal currency violations including money laundering. By virtue of my experience and training, I am familiar with money laundering techniques utilized by individuals involved in illegal activities, such as narcotics trafficking. I know that it is common for narcotics traffickers to accumulate large sums of U.S. Currency that they seek to launder in order to avoid detection of their illegal activities, and attempt to freely spend the cash without drawing law enforcement scrutiny. Based upon my training, experience, investigative efforts, and information and insight given to me by other ATF Agents and Columbus Division of Police (CPD) Officers, I submit there is probable cause to believe that Robert and Andrea TINSLEY are involved in money laundering activities associated with the distribution of controlled substances. I believe there exists sufficient probable cause that contained within the below listed properties evidence of those activities exist.

II.

I have not included each and every fact that I, or others, have learned during the course of this investigation. The information set forth in this affidavit is based on my own participation in the investigation, information I have received from other law enforcement officials, and from my and other Agent's analysis of documents and records relating to this investigation. As the case agent of this investigation, I am familiar with the investigative efforts of other Agents and CPD Officers who have worked on this investigation. Further, I am familiar with the evidence gathered through the issuance of search warrants, and information provided to myself and other agents by cooperating individuals and informants. I believe there exists sufficient probable cause that evidence of the following violations:

PROBABLE CAUSE**

1. On or about July 2, 2018, an ATF Confidential Informant (CI #1) met with S/A Burns in regards to an armed narcotics trafficker named Robert TINSLEY, aka "Bro," aka "Bub." S/A Burns is familiar with TINSLEY who was a prior ATF suspect in a previous ATF investigation. TINSLEY was distributing ounce amounts of cocaine and had used a Straw Purchaser to gain access to a firearm. At the time, TINSLEY had been convicted of Attempted Robbery (F-3) out of Huron County, Ohio, and prohibited from possessing firearms. The CI has provided reliable information that has been corroborated by S/A Burns.
2. The CI advised the CI has known TINSLEY for a long time and had purchased narcotics from TINSLEY in the past on several occasions, and that multiple associates of the CI also purchase their narcotics from TINSLEY. The CI advised that TINSLEY was known to sell quality narcotics, operating several "Trap Houses" on the west-side of Columbus. The CI stated TINSLEY kept several firearms at these locations to protect his drug business. The CI stated TINSLEY was recently released from prison, and was on parole and living at a halfway house. The CI advised TINSLEY was already operating several trap houses, selling heroin, and crack cocaine. The CI stated TINSLEY would have several people working at the trap houses, selling narcotics for him. The CI stated TINSLEY will provide a phone and supply the trap house with narcotics, and return to the house later to collect the money and/or resupply the house with narcotics.
3. The CI advised that TINSLEY provided a telephone number through social media, and that the CI was provided with a phone number sent through Facebook Messenger. S/A Burns is familiar with TINSLEY's Facebook account title "Robert Tinsley." Your affiant is familiar with these locations, which are all located on the west-side of Columbus in a violent area known as the "Hilltop." The

On this same date, your affiant conducted surveillance on 715 Racine Ave., Columbus, OH, and observed a Male/White, short brown hair, approx. 25 – 30 years old, with several arm tattoos sitting outside the residence. CONCLUSION

Through my experience and my discussions with other experienced law enforcement officers, I am familiar with the ways in which individuals involved with illegal activities who are laundering their illicit proceeds in an attempt to appear to have legitimate income conduct their business, and their methods of laundering the proceeds of their illegal activities. I am familiar with the methods, schemes, and operations used by those individuals involved with large-scale criminal activity and know:

- a) It is my experience that currency transactions that are conducted enable those individuals involved with large-scale criminal activity and money launderers to invest the cash proceeds of their illicit businesses into an asset, thereby legitimizing the currency.
- b) That those individuals involved with large scale criminal activity are known to trade items in their possession for items of monetary value such as firearms;
- c) That those individuals involved with large scale criminal activity conduct various transactions, including the purchase of vehicles and real estate, in order to create an appearance that their income is derived from legitimate sources.
- d) That those individuals involved with large scale criminal activity must maintain, on hand, large amounts of United States currency in order to maintain and finance their ongoing criminal enterprise;
- e) That those individuals involved with large scale criminal activity and money launderers maintain books, records, receipts, notes, ledgers, and other papers relating to the sale of narcotics, and the purchase of assets, including vehicles, real estate and other financial instruments;
- f) That the aforementioned books, records, receipts, notes, ledgers, etc., are commonly maintained where the individuals have ready access to them, i.e., homes, businesses, and automobiles.
- g) That it is common for those individuals involved with large scale criminal activity and money launderers to secrete proceeds of their criminal sales, and records of illicit

- transactions, sources, and customers, in secure locations within their residences, businesses, garages, storage buildings, barns, trailers and safety deposit boxes for ready access, and also to conceal such items from law enforcement authorities;
- h) That persons involved in such criminal activity and laundering conceal caches of currency, financial instruments, precious metals, jewelry, other items of value and/or proceeds of illicit transactions, and evidence of financial transactions relating to obtaining, transferring, secreting, or spending large sums of money made from engaging in their criminal activities, in their residences, businesses, garages, storage buildings, barns, trailers, automobiles, and safety deposit boxes;
 - i) That those individuals involved with large scale criminal activity and money launderers commonly maintain addresses or telephone numbers in books, papers, pagers, or cellular phones (and often have multiple cellular phones and pagers) which reflect names, addresses, text messages to, and/or telephone numbers for their associates in the criminal organization, even if said items may be in code;
 - j) That those individuals involved with large scale criminal activity and money launderers frequently take, or cause to be taken, photographs of themselves, their associates, their property, and their product, and that these individuals usually maintain these photographs in their residences, businesses, and automobiles;
 - k) That when those individuals involved with large scale criminal activity and money launderers amass large monetary proceeds from the sale of their ill-gotten gains, they attempt to legitimize these profits by utilizing foreign and domestic banks and their attendant services, including securities, cashier's checks, money drafts, wire transfers, letters of credit, brokerage houses, real estate, shell corporations, business fronts, and other methods;
 - l) That those individuals involved with large scale criminal activity and money launderers sometimes store documents and records relating to their co-conspirators, customers, money, and assets on computer hardware and software, the contents of which frequently yield evidence of their criminal activity and money laundering crimes;
 - m) That courts have recognized that unexplained wealth is probative evidence of criminal activity in which transactions involving large amounts of cash and high profit margins are common, to include those individuals involved with large scale criminal activity;
 - n) That it is common for those individuals involved with large scale criminal activity and money launderers to conceal and store items related to their criminal activity and money laundering within safes, footlockers, boxes, containers and other hidden compartments, and within places that they own or over which they exercise control such as residences, businesses, and automobiles.
 - o) Individuals involved with large scale criminal activity store records of associated criminal acquisition/disposition documents at their residences, businesses, and/or in their vehicles;

In view of the above-mentioned facts and my training and experience in the investigation of financial crimes, I have probable cause to believe that contained within **7187 Lithopolis Rd., Groveport, OH and 4042 Walnut Crossing Dr., Groveport, OH** is evidence of:

- Title 18 U.S.C. § 1956 (a)(1)(A)(I) – Laundering of monetary instruments with the intent to promote the carrying on of the specified unlawful activity;

- Title 18 U.S.C. § 1956 (a)(1)(B)(i) – Laundering of monetary instruments with the intent to conceal or disguise the nature, the location, the source, the ownership, or the control of the proceeds of the specified unlawful activity;
- Title 18 U.S.C. § 1956 (h) – Conspiracy to promote the carrying on of the specified unlawful activity and to conceal or disguise the nature, the location, the source, the ownership, or the control of the proceeds of the specified unlawful activity;
- Title 18 U.S.C. § 1957 – Engaging in monetary transactions in property derived from specified unlawful activity;
- Title 21 U.S.C. § 841(a) – Possess with Intent to Distribute a Controlled Substance; and
- Title 21 U.S.C. § 846 – Conspire to Possess with Intent to Distribute a Controlled Substance.

That Robert and Andrea TINSLEY are the current known residents of **7187 Lithopolis Rd., Groveport, OH** and **4042 Walnut Crossing Dr., Groveport, OH**. Based upon the fact that paper records have been recovered from related search warrants, I believe that contained within the properties of **7187 Lithopolis Rd., Groveport, OH** and **4042 Walnut Crossing Dr., Groveport, OH** is evidence of those crimes.
